REVISED ANNOUNCEMENT OF JOB VACANCY

TITLE 2 Positions Being Filled
Assistant Research Scientist (Toxic Substances) OR
Research Scientist 1 (Toxic Substances) - 16478 and 17170

SALARY/GRADE $41,993 - $53,606 / Assistant Research Scientist, G-14 OR
$52,293 - $66,494 / Research Scientist 1, G-18

NEGOTIATING UNIT Professional, Scientific and Technical Services Unit/05

LOCATION Center for Environmental Health
Bureau of Toxic Substances Assessment (BTSA)
ESP, Corning Tower
Albany, NY

MINIMUM QUALIFICATIONS Grade 14 - Bachelor's degree in Chemistry, Biology, Environmental Health or Science, Toxicology, Pharmacology or another closely related field and one year of applied experience in that field. Thirty graduate hours leading to an advanced degree in an appropriate field may be substituted for the required experience.

Grade 18 - Bachelor's degree in Chemistry, Biology, Environmental Health or Science, Toxicology, Pharmacology or another closely related field and two years of professional research experience in that field, or a Master's degree in one of the above fields and one year of professional experience in that field.

PREFERRED QUALIFICATIONS The preferred candidates will have professional research experience in an area related to human health risk assessment. The incumbents will also possess: a demonstrated ability to critically evaluate and interpret scientific studies and data; experience in conducting multi-media human health risk assessments; and knowledge of environmental contaminants and their public health implications. Preference will be given to candidates with excellent written and oral communication skills for both technical and general audiences; strong data management and analysis skills; good organizational skills; and experience with PC software.

RESPONSIBILITIES The incumbents will assist in evaluating potential public health impacts of chemicals present in the environment (with an emphasis on drinking water) and in consumer products, using available scientific data. These evaluations will use qualitative and quantitative risk assessment concepts and recommend approaches to reduce risk. The incumbents will be responsible for developing or contributing to a variety of written reports describing the risk analyses in a timely manner, and will respond to public inquiries on a variety of environmental health subjects.

CONDITIONS OF EMPLOYMENT Full time, contingent-permanent, non-competitive appointment.

APPLICATION PROCEDURE Submit resume, preferably in PDF format, to Human Resources Management Group, DG/RS/16478/17170, Room 2217, Corning Tower Building, Empire State Plaza, Albany, New York 12237-0012, or by fax to (518) 473-3395, or by email to resume@health.ny.gov, with Reference Code DG/RS/16478/17170 included in the subject line. Failure to include the required information in the subject line of your email or fax may result in your resume not being considered for these positions. Resumes accepted until the positions are filled.
